

EACH EMTRIX® NAIL SOLUTION CONTAINS:

Propylene glycol 66.4%, urea 20.0%, lactic acid 10.0%.

RECOMMENDED USE:

Local treatment of fingernail and toenail fungal infections.

EMTRIX® nail solution helps reduce the growth of certain fungi known to cause fingernail and toenail infections.

EMTRIX® nail solution increases hydration and gently smoothes the outer layers of the nail plate.

RECOMMENDED DOSE:

Adults, 18 years and above: Apply EMTRIX® nail solution to the affected nail once per day, covering each nail with a thin layer of the solution.

Ensure the solution is also applied under the free edge of the affected nail. Allow to dry for a few minutes.

Wash excess solution from unaffected skin areas thoroughly, including hands, after contact.

Patients reported improvement in nail appearance in as early as 2–4 weeks of treatment.

DURATION OF USE:

Duration of treatment varies according to the initial severity of the condition, but in many cases 3–6 months of treatment may be required to achieve acceptable results.

NON-MEDICINAL INGREDIENTS:

Sodium hydroxide, water.

WARNINGS AND PRECAUTIONS:

For external use only.

Avoid contact with eyes. In case of contact, rinse thoroughly with water.

Do not use if you are allergic to any of the ingredients.

POSSIBLE SIDE EFFECTS:

Like all health products, EMTRIX® nail solution can have side effects, although not everyone will get them.

Transient minor irritation to the skin next to the affected nail can occur. If irritation worsens or persists, discontinue use and consult a health care practitioner.

Harmless discolouration of the affected nail may occur.

In rare cases, the affected nail may become loose and detach from the nail bed. If this occurs, discontinue use and consult a health care practitioner.

If any of the side effects become serious, or if you notice any side effects not listed in this leaflet, please tell your doctor or pharmacist.

PACKAGE:

Plastic tube with a silicone drop tip to facilitate application to the nail: 10 mL solution.

STORE AT 15–25 °C IN A DRY AREA. PRODUCT CAN BE REFRIGERATED.

Keep out of the reach and sight of children.

Do not use EMTRIX® nail solution after the expiry date stated on the package.

Do not use EMTRIX® nail solution if the pack is broken before you start using it.
